\* If you purchase the Works Internal Kit for the forks, you will only need to pay for a Service & Oil Change; not a re-valve (forks only) \* Note: If you already have our Works Internal Kit, all you would need is the Works External Kit to complete your Works Suspension.

\* Not checking any of the above boxes will put a delay on your suspension services.

Rider weight w/o gear	_ Skill level/Class	Type of Riding
Terrain		_ Additional Information

All items in **BLACK** are required in this suspension re-valve and set-up. All items in **RED** are optional. **PLEASE NOTE:** There will be an \$8.50 HAZ MAT fee and \$10 chemical cleaning fee added to all suspension orders and there may be a \$1.50 charge for each shim used (average bike uses 0-100 shims)

## WORKS SHOWA SUSPENSION 2014-2021 KX85/100 MODELS

## THE KIT

Pro Circuit now offers Showa Works Suspension for the Kawasaki 2014-2021 KX85/100. Using the same technology as the Monster Energy/Pro Circuit/Kawasaki racing team, the Showa Works Suspension for the '14-'21 KX85/100 uses the same race team coatings, larger inner and outer fork tubes, larger shock body and CNC-machined fork lugs and shock clevis for the ultimate in strength, handling and control.

Pro Circuit's Showa Works Suspension for the '14-'21 KX85/100 has earned wins and podium finishes since its debut at the 50th Annual Mammoth Mountain Motocross. Team Green riders like Drew Adams and Ryder DiFrancesco have achieved success on the new Showa Works Suspension and that same technology is now available to you.
